## **Teaching & Behavior Policy**

North South Studio has a hands on approach to learning. Projects will include

foundational concepts such as color theory and technique. Art education has been proven to help develop such skills as critical thinking, problem solving and fine motor skills. Classes are meant to create a sense of community and stimulate a willingness to try new things.

### **A few behaviors which are not allowed (for all ages):**

outbursts, negatively criticizing others work, bullying other students, destroying a students artwork, distracting behaviors that cause other students to lose focus, failure to follow directions and stay in seat, running around the studio, throwing materials, or anything related to the examples listed. Failure to comply may result in removal from classes. If materials are damaged, or another students work is destroyed, those materials or class time will be reimbursed from tuition funds. We take behavior issues very seriously, and will remove students from classes at any point depending on the severity of the issue.

### **Safety**

Swing sets and other outdoor equipment is considered private property and is not for public use. Students are expected to wait inside the studio or at the outdoor art tables, seated until parents arrive.

Our covid policy may change depending on the cdc recommendations, but currently we are requiring masks while indoors to protect our most vulnerable

students.

Our goal is to provide an inclusive environment where students are free to grow artistically at their own pace. We want students to feel empowered to be the happiest, most creative versions of themselves.

We plan projects which are age appropriate and are meant to touch on various techniques. On average, for age 17 and under students, Projects can take 1-2 classes to complete. More involved projects, (example: a student brings in a reference photo of something they'd like to complete) may take longer, so please consider the amount of time that you would like to spend on any one project.

### **Payment Policy**

Payment is due at the start of a 4 week session, with the option to re-enroll. Due to demand, we cannot reserve classes until a sessions balance has been paid. Payment reminders are sent at the end of a session to give the option to re-enroll. Payments can be made via paypal or venmo, by check made out to Candace Thibeault, or in the form of cash. If you miss a class for any reason, it will carry over, as long as you have given the studio a heads up. If you must cancel, please notify me by text message or email. If I must cancel a class for any reason, that class will also carry over into another week. **If classes are missed, without notification, that class cannot be rescheduled and payment will not be reimbursed.**

**Please sign and date below acknowledging that you have read and understand our policy.**
